#	RESPONSES	DATE
1	Privately owned waterfront on Widgeon Cove in 2 different locations with owners not allowing or limiting access. These areas should be Municipal property, sure there would be others in Northern Bruce as well.	3/29/2022 5:34 PM
2	needs more equipment, they should all have a telescope, it is a dark sky preserve, more information boards, theres a lot of history to share	3/27/2022 12:33 PM
3	Beach security at busy times to keep dogs in their on area and, especially to stop visitors burying diapers in the sand or thinking the sand is their own lavatory. If caught, they should be expelled immediately.	3/26/2022 1:55 AM
4	More access for local residents	3/25/2022 1:51 PM
5	Just recently became a permanent resident so just figuring things out. Winter activities should be a priority/focus especially in Tobermory. Important to service Tobermory to avoid travel down the peninsula for everything...in consideration of the environment and especially given gas prices!	3/25/2022 8:40 AM
6	Any parks that we have visited have been well maintained and clean, so a big thank you to staff!	3/24/2022 9:54 PM
7	We are seniors , whose children, grand children and great grand children live at a distance, majority in Massecusetts. So to say parks are highly important, would not be true. We enjoy parks when great grandkids visit, love swimming, but generally beaches are packed. We both have disabilities, but parking is taken , some by legit. Cars with handicapped passes, and of course some not. We try to respect people's property/privacy, and no parking signs. In order to swim around us, we would end up in arguments...water access walkways have been declared ss private property. I have been coming up her for several weeks in summer since 1980. Always difficult to find that spot that no one claims. So a peaceful swim. My favorite place, Lighthouse Point. Haven' been in several years; last time we could get close. There were hoards of people , eating , running around, blocking access to water, my worst was however watching men, toss full and empty beer bottles to each other,, sitting on the rocks, waters edge of Big Tub....it is not possible to clean up broken glass from amongst the rocks , 90 % of visitors had on water shoes that would not have protected them. This was my place of meditation, communing with with the glorious energy of the water, rocks,sun and wind. I would settle for my half hour visits, on occasion. Not feasible anymore. I moved? here permanently to recover a loss of health , due to care givers burnout. It is not what I expected, but I still love it. If I could offer positive suggestions, I would.	3/24/2022 2:46 AM
8	During the summer it appears that the tourists and visitors fill the parks and recreation areas which causes the residents to use the facilities less in the summer months,	3/23/2022 9:59 PM
9	the smaller community centers like Pike bay need much more support and help with upkeep from the municipality, Pike bay desperately needs a community boat launch	3/23/2022 5:02 PM
10	For residents to be able to enjoy the hiking and waterfront like we use to, special parking privileges and passes for beaches, parks and parking spaces. I retired up here to enjoy the parks beaches and beauty of this area, but now feel I am pushed out of enjoying the above due to tourists and not enough consideration or the resident with more special parking spaces. Lots more recreational activities and groups for seniors. If it doesn't change I am considering moving to Parry Sound Also for more winter activities, groomed cross country ski trails would be awesome so we don't have to do this on the lakes and water	3/23/2022 2:25 PM
11	There should be more posted access points to the water.	3/23/2022 2:06 PM
12	While other communities have great waterfront facilities- Pike Bay is lacking in a quality beach	3/23/2022 1:18 PM

& playground area. We use other facilities in the Northern Bruce but would like something in our Pike Bay Community.

13	No	3/23/2022 12:56 PM
14	My family loves the parks, including my grandkids	3/23/2022 11:24 AM
15	Summer is the main time to access/use parks and recreation activities in NBP. Every year I am more and more frustrated about how much local residents have to put out in property taxes that are raised almost every year and still have to pay for parking to parks and now areas in our towns as well. This two passes per household is not fair for many families who either have multiple households (and pay taxes on property for their multiple households, who run businesses for their employees, for native people who have had their land stripped from them to use for the public) etc. the nbp focuses too much on recreation for tourism instead of on programs for our local families.	3/23/2022 11:11 AM
16	It would be nice to address parking issues at natural access points. This comes up as a point of contention so often that some solutions need to be found other than restricting the public's access. Not everyone can afford a cottage but would like to enjoy our natural resources, trails and waterfront. It shouldn't be all about the landowners.	3/23/2022 10:07 AM
17	More garbage cans due to increased tourism	3/23/2022 9:43 AM
18	No	3/23/2022 9:32 AM
19	The available activities (especially indoors) are very limited in NBP during winter months. Planning for the next years should focus on these types of activities.	3/23/2022 8:45 AM
20	We need to keep access to the water for all open. There is a lack of boat ramps on Lake Huron side of the Peninsula for people who do not have waterfront.	3/23/2022 8:43 AM
21	I would like to see the municipality make use of their Unopened Road Allowances and park areas, especially the waterfront ones, by adding trails, parking, even signs to designate them as public. Opening up such areas with trails and such something that more urban areas (cities, towns) have been doing for years and it is proving to be very worthwhile. One of the benefits of more trails is that you can spread people out as well and give them more destinations to go so the major trails aren't totally packed.	3/23/2022 8:40 AM
22	Would be nice to see a park children could walk to in lions head other then the waterfront as thst straw is so busy with tourists	3/23/2022 7:42 AM
23	I always feel like I need to search things out. When I find the information it's good, but if you're not using social media in particular, you would miss out on a lot of things. Communication could be improved	3/23/2022 7:08 AM

27	Maintenance of the goose reference fence is unsatisfactory. If it really works than why not invest in a more permanent (semi) solution.	3/22/2022 8:44 PM
28	Should purchase more parkland and picnic areas at waterfront for residents to use.	3/22/2022 8:37 PM
29	Yes, this is a good step! Moving forward, tourists need a place to visit, enjoy, and see the waterfront. The municipality needs to be proactive, look for land that offers the previously mentioned points. Investing in land that can accommodate and offers parking, will serve the community in the future years. In the meantime, why not look at road allowances that have waterfront and can accommodate parking for our visitors.	3/22/2022 8:00 PM

38	It's all above... would be nice to see these things happen asap	3/22/2022 11:56 AM
39	This will be another smoke and mirror project and ten years from now we will be doing this survey again. It really is sad we needed to hire people just to gather stats that are unchanged in the last several decades. Our communities have deteriorated to be giant motel parking lots with nothing but STAs.	3/22/2022 11:56 AM
40	Please preserve our public green spaces and parks. Please establish a leash free dog park ASAP	3/22/2022 11:44 AM
41	The Tobermory basketball court needs to be repaved! The basketball net was donated by a young local boy and they are feeling neglected by the municipality.	3/22/2022 11:44 AM

44	Need indoor winter activities - pool, yoga, more programs Nothing to do in winter indoors	3/22/2022 10:34 AM
45	Trails should be open off season for residents. We can't enjoy it in the summer too many people and lots are closed in the winter. Need more residents only parking or residents only days at parks and trails.	3/22/2022 10:32 AM

48	Get boards for both ball diamonds so outdoor rinks can be a consistent thing!	3/22/2022 9:40 AM
49	The municipality has some water access points like Sunset park on Myles Drive. These could be upgraded for resident use. There seems to be a reluctance to properly develop municipal water access sites and I understand some of the difficulties. Conservancies have both protected and provided public access to properties and shorelines so it should be possible. The municipal owned water access points are assets to us as residents and tax payers	3/22/2022 9:32 AM
50	Increase walking and biking trails- SIDEWALKS	3/22/2022 9:28 AM
